September News Letter 2014

August was a busy month for the club. We had a very successful Pre-Rally at Sisters Garden Resort in Sisters, OR on August 9 & 10 with 18 coaches in attendance. The park was beautiful and had great amenities. The club thanks wagon masters Kris and Lee Casebeer and Barb and Bill Holmes for coordinating the rally. The rally went very smoothly.

The Sister's Rally was followed by the FMCA Rally. The club volunteered to monitor the seminars at the FMCA rally so we arrived at the fairground Sunday morning. The club caravanned to the Deschutes County Fair & Expo Center in Redmond. Don and Barb Schleuse lead the group with Randy & Traci and Parent bringing up the rear.

On Tuesday we held the Annual Meeting. The meeting minutes are in this newsletter. The two main topics were membership dues and rally planning along with election of officers.

The new officers are:

Secretary: Sibylle Beck
National Director: Don Schleuse
Associate National Director: Herb Harris

The board was asked to come up with a new membership dues structure. We are looking at a multi-year structure. This will lessen the work for the Membership Chair and Treasurer, as they will be collecting dues less often. The rally planning discussion spawned a separate meeting that was held on Thursday at happy hour. They tentatively set the rally calendar for 2015 and started on 2016.

Don and Barb Schleuse did a great job of coordinating seminar monitoring. Everyone got their assignments. The seminars ran Wednesday to Saturday. There were a few glitches here and there but overall it went well. Rod and Teresa also helped with making sure all the monitors and presenters got to the right places and the seminars were covered. They were zipping around in their golf cart all day long.

There were lots of different seminars; the ladies commented that there were not enough women's classes and the ones they had filled fast. I think that everyone that went to a seminar got something out of it.

I went to a seminar on absorption refrigeration. It was very interesting to find out that the unit can overheat when out of level by as little as 3 degrees in a very short period of time. The presenter had some interesting data that shows what happens to the cooling unit over time when the overheating is not stopped. It will eventually damage the unit. He was able to demonstrate the cause and effect with an actual cooling unit at his booth. He has developed a module that uses a temperature sensor that monitors the cooling unit temperature and turns the unit off for a short period of time when the unit approaches overheating. The module waits a period of time then restarts the cooling process. If the condition is cleared the cooling runs as normal. I got the installation completed and it's up and running.

Our next rally is at Cannon Breach, Oregon in September and its now full. The Oregon Coast is always a nice place to visit in September. See you there.

The August Central Oregon High Desert Summer Rally

You've been reading in the past 6 Newsletters about what was going to happen!!

Well, the **NorthWest Country Coachers** Rally prior to the **FMCA** International Rally happened as advertised. The Who were there & a few noteworthy occurrences is what we will report on here.

NWCCers's two day pre-rally at **The Bend/Sister Garden RV Resort** unofficially started a day early for 6 coaches. Kris & Lee Casebeer, Sarah & Wayne Gabel, Bill & Barb Holmes, Luana & Don Perry & Don & Barb Schleuse gathered for a Thursday evening social and we were wondering what time Teresa & Rod Robbins would arrive. The Robbin's late Thursday arrival would qualify them for honorable mention for the ***"Fred Dent Late Rally Arrival"*** award. But, a later arrival of Jaymalea & James Bray on Friday evening knocked the Robbins out of the 1st place standing for the lateness award. For those of you new to our club and never had the pleasure of meeting our past President, Fred Dent, you missed his many detailed & entertaining stories of why he was always a late arrival at our rallies. The Friday evening David & Karen Robert's provided meal was very much appreciated. We thank Karen & David again for their generosity.

We had three guest coaches at the event. Phil Cornelius was personal guest of Cathy & John Lamb. Phil is a sales representative for **NEWELL** Motor Coaches. He brought an elegant 45 ft. **NEWELL** Coach for us to view on Saturday, prior to him taking it onto Redmond for display at the **FMCA** Rally. Sandee & Mark Kapellusch, from Mesa, Arizona, are members of the Rocky Mountain CC Owner's Club. They were a welcome addition to the rally. We also enjoyed having Carol & Don Horowitz from the Southwest Country Coachers. They are friends of Barb & Don Schleuse and our paths have crossed in Puerto Penasco, Mexico in past winters. Other out of region members attending were Barb & Bill Holmes from El Cajon, CA. and Traci & Randy Parent from Danville, CA. Both of these NWCCer member coaches journey north in the summer and have attended previous rallies. New faces to us were Lee Ann & Bill Englund from Grants Pass, Michele & Denny Huffman from Vancouver, WA. and Bob & Cherish Vinson from Eugene. We enjoyed getting acquainted with these new club members and look forward to seeing them again at future events. There was a good turnout of club officers. Our President & Treasurer, Frank & Dana Suttell, National Director, Don Schleuse & Barb, who is the National Director of the SWCCer club. Our Alternate National Director, Herb Harris & wife, Pat, Rod Robbins Vice President & wife Teresa filled out the officers in attendance. It was also good the see Glenda & Vern Serex again. The Serex's have been to several rallies that we have not been able to attend. Vern displayed excellent photo albums that he has assembled from past rallies. Vern did a Great Job of presenting past club memories. Cathy & John Lamb are recently retired from the working lifestyle. The Lamb's future retirement plans sound exciting. The Perrys had not planned on attending the FMCA rally; they just wanted to join the fun & camaraderie of our club.

The Saturday evening Pig Roast & music provided us with some special entertainment when Herb Harris & Don Perry treated many of our wives to some dancing, that took the pressure off us with not very dance prone spouses. The rally culminated Sunday morning with the Schleuses leading a caravan of club volunteers to the Deschutes County Fairground in Redmond.

The Robert's Message for the NWCC Sisters Rally Attendees, August 2014.

Dear **NWCC** members, We would like to welcome you to Central Oregon and the Bend/Sisters Garden Resort. While staying at the resort we hope you have time to visit the local City of Sisters and enjoy the ambience of the town and its western theme.

We had planned to join you at the rally but a conflict with our travel schedule occurred and that will not be possible. As most of you know, I was born on a small island off the west coast of Europe and still have many relatives there. On August 8th we will be attending a family reunion in England and then a vacation before returning to the USA. We had to choose between being with our relatives in England and our **NWCC** family in the USA. Blood is thicker than water' as the saying goes so the choice was made.

As a result we will be unable to personally 'host' **NWCC** members at our home in Sisters but it will be our pleasure to support the Rally attendees by supplying locally prepared deli trays that can be consumed during their stay in Sisters.

On a separate subject we wish to advise you that with some regret we have decided to end our motor home travels and have placed our Country Coach Allure on consignment with Premier RV Sales in Junction City. This decision was not made lightly but with advancing age and evolving life priorities it makes sense.

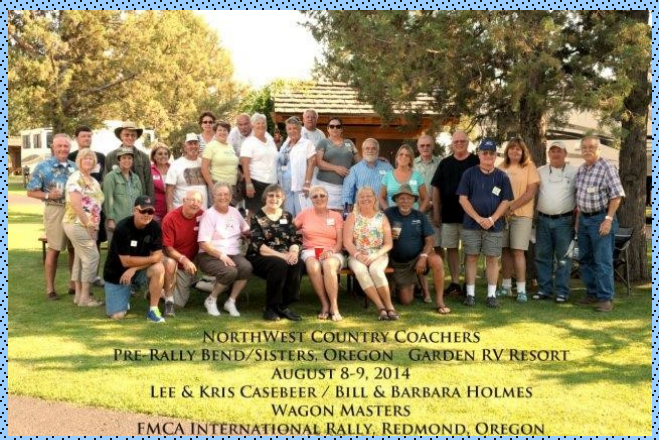
We will miss being with **NWCC** members on a regular basis but hope there may be opportunities to visit by car from time to time.

It was a real privilege for me to be elected as the first President of **NWCC** and along with my wife will always remember the people we met along the way and cherish the friendships developed. Hopefully our paths will cross again in the future even if at different venues.

In conclusion we sincerely wish all of you many more years of happy travel and the creation of many new memories.

David and Karen Roberts,
Sisters, Oregon.

SISTERS PRE RALLY 2014



Mt. Bachelor Sunset Dinner

On Sunday evening, August 10th, 13 adventurous club members departed Redmond's Deschutes County fairgrounds for dinner near the top of Mt. Bachelor, 22 miles west of Bend, Oregon. At the mountain's base we met up with 4 others who were still staying at the Bend/ Sisters Garden RV Resort. The first requirement for getting up to the Pine Marten ski lodge at the 7,800 ft. elevation of the mountain was buying a ski lift ticket. It was an interesting ride up the mountain void of snow that blankets the slopes from mid-November to mid-May. It was Kris & my first time seeing the upper mountain up close without snow. We arrived at the upper lodge in plenty of time to enjoy the scenic views & take lots of photographs before our dinner reservation time. We were seated at two tables against the west windows. What an impressive view. In the distance were dark storm clouds heading our way. Our group of 17 must have overwhelmed the staff. There were very diverse opinions on the timeliness & quality of our meals & service. While we were preoccupied with the dinner activities, Mother Nature was cooking up a surprise for us. Besides a gorgeous sunset, a nice thunder & lightning storm entertained us. The downside to the thunderstorm & rain was the resort stopped the ski lift operation. The metal poles, cables & chairs would make an attractive target for lightning strikes. The question of "How are we going to get back to the bottom" replaced "how did you like or dislike the dinner service". The resort had a backup plan they'd used in the past. Twelve passenger vans would slowly transport us down the dark, narrow & slippery trails to the bottom. After the first van departed, many of us chose skipping the next van ride in lieu of the hope the storm would pass & the ski lift would start operating again. Sure enough, in a short time we were offered garbage bags as impromptu rain gear for the wet & breezy ski lift ride down the totally dark mountain slopes. Our ski lift passengers arrived at the resort's base lodge about the same time as the van passengers did. In all there were several occurrences that happened on the mountain to keep folks talking about the event for some time. The next time you want to have a sunset dinner near the top of Mt. Bachelor, it might be safer & cheaper to pack a picnic basket meal. The quality of the sunset will still be just as spectacular. Oh, I forgot to mention there were enough negative opinions of the dinner quality that the resort did not charge any of us for our meals, whether we liked them or NOT!! ! The total dinner bill was almost $600. It was an expensive lesson in customer service for the Mt. Bachelor Ski Resort. Life is made up of memories; this adventure will rank high on my memorable eventful list. We got back to the fairgrounds at 10:30 pm.

Treasurer's Report
8/19/13-7/31/14

We have had a fun season this last year. Six rallies with good participation. Our bank balances are still healthy.

End of year totals;

2010 $3440.79
2011 $3882.26
2012 $4310.39
2013 $4707.08

Our current accounts balances are $2447.42 checking and 2902.95 savings, for a total of $5,550.37.

We currently have collected $2461.25 for our charity and sent $2200.00 to them already. Our Accounts are still with Wells Fargo, Frank & Dana Suttell has cards on the account. Rod Robbins also is on the account at this time.

We have been using Mobile Banking, PayPal, and the Square to make transactions easier for our membership. At this time I feel the convenience of these services offsets the fees. Many of our members are paying dues and rally fees through these services. We also collected auction money on credit cards using the Square which our members have appreciated.

Renewals started in November 2014 and closed in late April 2014
We received 57 responses, 54 renewals, 3 new, 7 members declined for numerous reasons, 5 no response. Thank you to Lee for helping with the final phone contacts. We sent three email requests, listed the renewal in 5 newsletters and sent a hard copy letter with a phone call follow-up. Any thoughts and ideas on how to shorten the renewal period would be appreciated. Possibilities are hard copy letter as first request, or a PayPal Invoice sent to each member.

Respectfully,
Dana Suttell Treasurer

Don & I want to extend a big *THANK YOU* to all those who volunteered to monitor seminars at the FMCA summer convention in Redmond, Oregon August 12 – 16. While we were in the National Directors meeting on Wednesday co-captains Rod & Teresa Robbins assisted by Vern & Glenda Serex ably managed overseeing the seminars. We met some nice folks from Florida, California, Oregon and Washington who also volunteered for seminars. Doug Uhlenbrock from FMCA in Cincinnati did a fine job coordinating all the seminars and it was Doug's first time doing it. We hope everyone had a good time; we sure did. Thanks to Lee & Kris Casebeer, Wayne & Sarah Gabel, Herb & Pat Harris, Bill & Barbara Holmes, Don & Carol Horowitz (SWCC), Michele & Denny Huffman, Randy Parent, Rod & Teresa Robbins, Vern & Glenda Serex and Frank & Dana Suttell.

Cannon Beach is an artistic haven recognized as one of America's 100 best art towns. Creative presence is evident in local architecture, public art, numerous galleries, community theater, and educational programs. Nestled between the majestic Pacific Ocean and the Coast Range, Cannon Beach is a showcase of remarkable natural areas where you may enjoy outdoor adventures ranging from bird watching to hiking and surfing or rejuvenating indoor relaxation practicing yoga or having a spa treatment. It's no wonder that National Geographic named it one of the world's 100 most beautiful places.

The name **Ecola State Park** is actually a bit of a misnomer since the area is now included as part of the Lewis & Clark National Historic Park. Clark designated the native word, "ikoli" meaning "whale". It is pronounced "E-co-lah", with a long "o". Situated a little more than two miles north of downtown Cannon Beach, the Park is accessed via the main road. The paved road heads out through a dense forest of old-growth Sitka Spruce and Western Hemlock. A fee of $5.00 per car, per day is charged year round for day use. Visitors may park in either of two parking lots: one near the entrance, or at Indian Beach, which is near the north end of the Park. Whether you enjoy nature, photography, surfing, tide pooling, or simply a relaxing picnic at the beach, Ecola State Park has something for everyone.

Sea Lion Caves is a privately owned wildlife preserve and bird sanctuary (since 1932) centrally located just 11 miles north of Florence on the beautiful and rugged Oregon Coast. Sea Lion Caves is America's largest sea cave and the year-round home of the Steller sea lion, but sea lions are not always in the Cave. They are wild animals and we are not a zoo so these protected animals come and go as they please, as is their nature. There are times during the year when the sea lions may leave us completely, please call ahead for information

Astoria While the city of Astoria is home to approximately 10,000 people, it's estimated that 300,000 more visit the Astoria Column each year. The Column is among the most visited parks in the state of Oregon, and is one of the city's greatest attractions. Standing above the city–600 feet above sea level to be exact–the Astoria Column unleashes an unrivaled view of Young's Bay, the Coast Range, the mighty Columbia River, and in the distance—the Pacific Ocean. Its light shines each night as a silent testament to the pride, fortitude, and resolve of the people who settled the Pacific Northwest, and to those who live here today.

2015 Tentative Rally Schedule

At the FMCA rally we discussed some pre-planning for the rally calendar for 2015. We had Bob Fite from the Puget Sounders Motor Coach Club as a quest speaker. He explained how they did there rallies and answered questions. He explained that they put there calendar together as much as two years in advance. This allowed them to get into places that might be otherwise booked and gave members a lot of time to plan there travels. They then got host and co-host who wanted to participate in a particular rally. If there was no host then the rally would be a no-host rally and members would just plan on the fly. **The following is a current work in progress**. Our tentative approach is to schedule the rally date and locations and hopefully the host will volunteer. We have some host but would also like to see co-host so don't be afraid to throw your name in if any of the locations interest you.

Jan-
Feb- Mardi Gras North 2/12-15 TBT
April- Gig Harbor, WA 4/23-26
May- Salem, OR 5/14-17
June- Stone Ridge, ID 6/11-14
July- Oregon Coast 7/16-19 TBT
August- Grand Coulee Dam, WA TBT
Sept – Casey's on the River, OR 9/17-18
Oct- Prosser Wine Country, WA 10/15-18
Nov- Fairview RV, OR 11/25-29
Dec-

We also have scheduled space for the Prosser Balloon Festival for 2016. This will be a co-rally with the Puget Sounders Motor Coach Club.

This new approach will hopefully encourage participation from members to volunteer to host and co-host and also facilitate planning for members who are putting together there travel plans for next year. If anyone has a suggestion for a location that they think would make for a good rally **please let me know**.
