## President's Corner

Last month's Silverton Rally was a success thanks to Glenda and Vern Serex and everyone had a good time. A Rally wrap-up is later in the newsletter. Richard and Sibylle Beck own nearby property and Richard gave Vern and me a tour. It is beautiful as illustrated by this picture taken from a small cabin on the property.

The Hensleys and Suttells are preparing for the Mayfield Lake Rally with plans to provide Breakfast and Dinner for three

days. Ten coaches are registered and approximately five are going on to the Northwest Area FMCA Rally in Longview, Washington. Don Schleuse will lead the drive from Mayfield Lake to the FMCA rally in Longview.

The Blackwell Island Rally is July 23 to 28. Fred Dent is hosting. We had a rally at this park in 2010 and it is a great location and beautiful park in an area with lots to do and very scenic. A full schedule of events is detailed in this newsletter.

The election committee is working to fill the positions of President, Vice President and Treasurer. The committee is Ruth Sorensen, Lee Casebeer and Al Shapiro. We need a President and Vice President. The club can remain vibrant only if people step up into leadership roles and it would be good to have volunteers in lieu of arm twisting. Please let them know if you are interested in one of the positions.

As Club President, I have made a few bylaws changes, codified a few policies, written a monthly newsletter and made sure the club is on track. Generally, it has not been overly burdensome and this is partly because there is good club support, like setting up each year's rally schedule well in advance.

Several of this year's rallies will have involvement with vendors (e.g., catering). The Silverton Rally had several catered meals and the Blackwell Island Rally includes catered meals and a boat ride. Hosts plan for the number of coaches/people that are registered and then commit the funds. Since registrants sometimes have to cancel, the Board felt it necessary to establish the following cancellation policy:

***Rally Attendee Cancellation Policy:*** *If you are unable to attend the rally as planned, notify the rally host and NWCC Treasurer as soon as possible.*

***Rally Fee:*** *Refund of the basic rally fee can be made up to 2 weeks before the start of the rally unless otherwise stated in the rally registration form.*

***Special Rally Fees:*** *These fees would be for additional activities like tours, dinners, catering, etc. If you are unable to attend the rally, refunding Special Rally fees will be based upon agreements that the host has made with the vendors. This cancellation information will be included in the Rally registration form.*

***Camping Fee:*** *The RV park cancellation policy will be used if you are unable to attend the rally for any reason.*

Dana was asked about the NWCC apron that we did a few years ago. She plans to contact the company that did the aprons and find out the current cost. We expect between \$10 and \$15. If you are interested in an apron with the club's logo, please email Dana and she will put you on a list and keep you up to date.

# NWCCers Charity for 2017

## The Bowmer Society Oregon Shakespeare Festival

At the NWCC Rally in Southern Oregon in July of 2016, attendees were privileged to see some of the “behind-the-scenes” activities at the Oregon Shakespeare Festival (OSF). Besides seeing a play (THE WIZ) in the outdoor theatre, there was a Backstage Tour of all three theaters and an exclusive tour of the new Production Building where the costumes are stored and all the sets are made. Our members were “blown away” by what they saw and were very impressed with all that OSF has and does. After discussions at the Annual Meeting about what our 2017 charity should be, it was decided that it would be the Oregon Shakespeare Festival Bowmer Society.

The Bowmer Society is the education piece of OSF. Through donations to the Bowmer Society, OSF is able to enhance the education of tens of thousands of students every year through discounted tickets and

on-site workshops. In addition, OSF's School Visit Program brings Shakespeare into hundreds of classrooms and communities throughout the West and as far east as Kansas and Arkansas, but mostly in Oregon and Washington.

From its inception, OSF has been a place of learning. Festival founder Angus Bowmer's education mission of cultivating a lifelong love of the art of theatre and the works of William Shakespeare is flourishing as never before due to the generosity of the Bowmer Society.

As Bill Rauch, OSF Artistic Director, says: "Teachers and students are a vital part of our audience. I passionately believe in the power of theatre to change lives, especially young lives."

Donations of any amount are welcome and are fully tax deductible. All funds raised by NWCC will support education programs.

# Mayfield Lake Rally

## June 16 - 19, 2017

### Harmony Lakeside RV Park

**563 WA-122, Silver Creek, WA 98585, (360) 983-3804**

Frank & Dana Suttell and Floyd & Joyce Hensley are hosting this rally. Harmony Lakeside RV Park is located on scenic Mayfield Lake in southwest Washington close to Mt Saint Helens and Mt Rainier. The lake is big enough to fish, water ski and pleasure boat. Steven Canyons Entrance to MT Rainer is 60 miles away and Longmire Entrance to MT Rainer is 50 miles away.

Camping fees are \$42.74 per night, which includes 2 guests and 1 pet. Each additional guest is \$5 per night. Each additional pet is \$2.50 per night. One night's camping fee will be collected as part of the registration for the rally. The remainder of the camping fee will be collected when you arrive at Harmony. The park will not refund your deposit if you cancel less than 30 days out.

The rally fee is \$40. Non-Members please add \$10. We are still planning the Rally, but are planning on having several dinners and breakfasts provided by the Rally Hosts.

The Northwest Area Rally is June 22-25, 2017 in Longview, WA. Harmony Lakeside RV Park is about 60 miles from Longview, WA. Our rally dates support members who are volunteering at the FMCA rally and moving out on June 20 for early admittance at FMCA. For those not volunteering for FMCA tasks, they will need another few nights at Harmony.

Hope to see you there.

# A Rally at Grand Coulee in September 2017

Yes, we're still planning AHEAD for the September 2017 Rally in the Grand Coulee, Washington, area at Steamboat Rock State Park! And, reservations are the subject.

Steamboat Rock State Park has great camping facilities, but no GROUP facilities or sign-up protocol. To reserve sites together, we have come up with the following system:

To camp in the Washington State Parks, all reservations are made on a first-selected/paid, first-reserved basis. The earliest that a camper

may reserve a site is nine (9) months before arrival. Since our Rally arrival date will be September 19, 2017, the earliest we can start reserving is December 19, 2016, and **we plan to do that for you.**

On the registration form, is a schedule of camping fees and [cancellation penalties](#). It includes all information that is required to make a reservation in the Washington State Park system. Send your park fees and the registration form to Dana Suttell.

Using that information, your park reservation will be made for you. Your confirmation and receipt will be sent directly to you via e-mail by the Washington State Parks and Recreation Commission. If you are traveling with a buddy, tell us who so we can site you together.

If you wish to make you own reservations, **PLEASE** tell us the site you have selected. We will be making all reservations in the DUNE CAMP Loop Sites starting with site 81 [for the Rally Host couple] through 89. We would then go to sites 91 through 95 then 76 through 80. All of these are in generally close proximity. Making reservations yourselves can be accomplished on line at [www.parks.wa.gov](http://www.parks.wa.gov) or by phone at 888-226-7688. Brochures can be downloaded at the website.

In the spring, we will publish a program for the Rally and include NWCC's fee for its rally costs. Most of the attractions and all of the Grand Coulee Dam attractions are on a first-come/first-served basis, so this will be kind of an informal, let's-relax rally.

We look forward to receiving your forms so that we can start reserving on December 19, 2016.

## Silver Spur RV Park Rally in Silverton, Oregon May 4-7, 2017

Many thanks to all the helpful and cheerful campers who made our weekend at the Silver Spur RV Park in Silverton, Oregon, so much

fun. The five couples who arrived on Wednesday partied at an impromptu potluck and then greeted the balance of our 14 coaches on Thursday. We even had a wonderful (though coach-less) visit by Mike and Bev Carrick who returned home after a trip to Georgia just in time to join us for dinner on Saturday.

The Park has a new clubhouse and we had exclusive use of it for the weekend to swap stories, reacquaint ourselves with folks we hadn't seen in a while and to make some new friends. The new facility is so new that the stove isn't installed yet, so there was a lot of shuffling venues for meals. The park managers provided a catered pancake breakfast on Friday and a pulled pork picnic dinner on Saturday, so we dined in the enclosed patio for those, but our Taco Soup Meet-n-Greet on Thursday and Saturday's Cinnamon Roll and Egg Breakfast were served at the new facility. On Friday, we shared a no-host dinner at a local restaurant, so we didn't suffer for lack of nutrients over the weekend. The rest of our time was spent chatting, exploring the area surrounding Silverton and gathering more than our share of beautiful baskets and plants from one of our favorite nearby nurseries (Godfrey's in Shaw, Oregon).

Thanks to our generous members, we can now add \$346.00 to our Angus Bowmer Society Education Fund.

Now we'll unpack the coach, do the laundry and start thinking about packing for the next outing at Mayfield Lake, June 15-18. See you there! Glenda

### MEET & GREET TACO SOUP

- 1 lb. ground beef
- 1 onion, chopped
- 28-oz. can crushed tomatoes
- 15 oz. can whole kernel corn, untrained
- 15 oz. can black beans, undrained
- 15 oz. can red kidney beans
- 1 envelope dry Hidden Valley Ranch Dressing
- 1 envelope dry taco seasoning

Brown beef with chopped onion and put in crock-pot. Combine with remaining ingredients. Cover and cook on Low 4-6 hours. Serve with tortilla chips or Fritos, shredded cheddar or Mexican cheese and sour cream.

# Motorhome Air Dryer

All of our coaches have an Air Dryer. The Air Dryer keeps the air in the air system free of moisture. The Air Dryer works in concert with the air compressor, tanks, brakes and air suspension to prevent problems like rust in the components.

Last year, Vern and I changed the Air Dryer on my motorhome. In my 2000 Magna, the Air Dryer is located in front of the rear axle, high up on the frame. Not the easiest place to get to. We disconnected the air line, unbolted it from the

frame, then worked it out of the space.

We tried to get a remanufactured unit, but they did not have one in stock. Apparently, it was some odd-ball unit used on garbage trucks. We bought a rebuilt kit, which included the desiccant cartridge, relief valve and gaskets. To get to the desiccant cartridge, we disassembled the Air Dryer.

Vern cut the desiccant cartridge apart and here are some pictures of it:

← This is the desiccant cartridge that is inside the Air Dryer Assembly.

The two "C" shaped pieces are what hold the top on. On the very top, there is a flap valve where the dry air exits. There are 4 holes on the bottom where the air enters the cartridge.

Below the top cap is a very heavy spring holding all the internals from moving around. Below the spring is a plastic air diffuser and filter to keep the beads from entering the air system. →

Below the plastic air diffuser is the desiccant. The desiccant is loose beads. ↓

Below the desiccant beads is a foil filter to keep the beads in the cartridge.

Now you know.

*Sidetracks from Herb Harris*

*If you are planning a trip down to Newport Beach, CA, this summer, you might want to review the rate card before checking into the park. The \$18/two hours for guest visits is also notable. We are lucky to live up here in the NW! Cheers, Herb*

EDITOR'S CORNER: With Chuck Woodbury—Chuck (at) [RVtravel.com](http://RVtravel.com)

Hold on to your hats! Be sure you are sitting down for I am about to tell you something that will cause you, at first, disbelief. You will say to yourself, “Chuck, you are telling me a big fat lie!” I assure you I am not. I am telling you the absolute, 100 percent truth, as surely as if I were in a court of law!

Here’s what I am talking about: In Southern California, near the ocean, in the town of Newport, by an artificial salt water pond created in 1960, is an RV park — Newport Dunes, “a waterfront resort and marina.”

The pond, which is actually an inlet, is about 800 feet wide by 1,300 feet long — about a third of a square mile. It’s about a mile from the ocean as a crow (or even a sparrow) flies, but maybe four miles in a boat. Needless to say, you won’t see any crashing waves and ocean mist here as you might while camping along the Oregon coast on a beach created by nature, not men with backhoes.

The park as seen from the Pacific Coast Highway

There’s a hotel, which doesn’t matter to you and me. What matters to us is that the hotel has an RV park, which it labels a resort, which many RV parks do these days so they can charge more. I am reminded of the saying “You can put lipstick on a pig, but it’s still a pig,” which is true of many RV “resorts.” Not saying there aren’t those places that are worthy of the term, but for many it’s stretching it.

There’s no crashing surf or ocean mist, but there are plenty of inflatables!

Now, to get to my point (*pretend you hear a drum roll . . .*), if you want to stay at the Newport Dunes RV Resort, right along the artificial beach, in what is billed as a SuperSite (35 feet by 45 feet), you will pay up to \$479 a night at peak times during the busy summer season. Yes, that is PER NIGHT! For non-math wizards, that’s \$20 an hour!

**But wait, there’s more!** You must stay at least two nights in the summer season, meaning your stay at peak times will be \$958. I assume there’s tax, so figure \$1,000 and change — **for two nights!**

In the less popular winter season, you can steal a SuperSite for between \$117 and \$255.

During prime season, at popular times, budget travelers may choose, instead, a “Select Site” (25 x 40), which is not on the beach, for a mere \$339 a night! If you only require an itty-bitty site, which backs up close to busy Highway 1, you’ll pay up to \$150 during prime season: The tiny parcel of real estate will be 22 by 25 feet, which means you’ll be super chummy with your neighbor.

Summer Rates			
SITE Type	SIZE	FROM	TO
SUPERSITE	35'X 45'	\$300	\$479
BEACHFRONT	25'X 50'	\$297	\$459
SELECT SITES	25'X 40'	\$231	\$339
PREFERRED SITES	25'X 40'	\$169	\$199
LARGE SITES	25'X 40'	\$99	\$172
SMALL SITES	22'X 25'	\$79	\$150

Newport Dunes under construction is 1960. Photo courtesy of Orange County Archives.

If you have a dog, add \$2 a day. If you have more than one vehicle, add \$20 a day. Want a fire pit? That’s \$35 a day. And go ahead and invite a guest (\$18 for up to two hours).

Interestingly, considering the park’s sky high prices, [RVparkReviews.com](http://RVparkReviews.com) only gives it a rating of 6.3 stars out of 10, which would be like a “C” in school-lingo.

\*\*\*

WE BLEW IT LAST WEEK in our [Reader Poll](#) when we asked you how much you’d be willing to pay for one night of camping. The choices we provided began at zero dollars and ended at “more than \$80.” Maybe we should have added options for “more than \$100” or “more than \$200” or even “more than \$400”! About half of you, by the way, reported your limit is between \$30 and \$50. Only 4 percent of the approximately 2,800 readers who responded would pay more than \$80 a night.
